

Here's what's being said about Victoria House...

“ I've moved in to my new and present home and am relaxed, happy, and healthy. It's been nice meeting everyone who works here and checks on me to make sure I stay that way. Danielle and her whole crew: Carol, Mandy, Missy and all of the nurses and aides...Holly, Angie, Bobby, Adele and so many more have made my transition to Assisted Living so easy. The dining room has been a wonderful place for me to get to know my fellow housemates and the Victoria House kitchen staff. The activities staff has been excellent: exercises, events, mentally stimulating games, outings, manicures, and shopping events. Having an on-site beautician is a huge plus. I appreciate how accommodating Victoria House is to the many religious denominations of our residents and especially to my religion. I'm no longer living alone and my family is relieved that I'm happy, healthy, and safe. A big THANK YOU to everyone at Victoria House! ”

- Ann Marie Morley
