

Muskingum | Testimonial

Here's what's being said...

“The nursing staff (Ginger, Robin, Teresa, Molly, Colt, and all others who cared for Clarence Ward) were very attentive to his needs, both medically and personally. They were very helpful in arranging medical appointments and transportation as needed. The patient care aides were very conscientious in his daily care. There are too many names to list, but thank you all.

Thank you to the kitchen staff for the good, healthy meals. And to the cleaning staff for taking care of the rooms. Sally and Nicole in Physical and Occupational Therapy were very dedicated to making his rehab productive and enjoyable. The Social Worker, Brittany, was very helpful in dealing with insurance. Thank you to Cheri and Cherise and all the rest of the staff that made Clarence's stay here a beneficial experience. ”

- Pamela A. Brooks
