

Introducing Buckeye Hospice's

# Visitation Station

*Every. Moment. Matters.*

At Buckeye Hospice, we focus on making every moment matter regardless of the circumstance. We are continuing this belief during COVID-19 for all those we serve by introducing a means for families to stay connected to their loved one through an innovative approach. Introducing the “Visitation Station.” This unit will be stationed at a designated location outside of the facility of which your loved ones resides. To ensure optimal safety, the unit has a protective plexiglass barrier which allows the resident to sit inside comfortably while loved one visits outside the station.

**For more information on utilizing the Visitation Station with your loved one please contact Arcadia Valley at  
740-667-3156**
