

Continuing Healthcare of Niles

Skilled Nursing and Rehabilitation

Caring with Integrity

“

I would like to thank Carly, the wound care nurse, for her patience and caring. She takes the time to listen to me and hear my concerns. Cathy, the shower aide, is an exceptional employee. She is caring, patient and never rushes me. She takes the time to listen and truly shows she is here for the patients. Rob, from therapy, always goes above and beyond. He has been working with me to get stronger and help me move my legs. Rob never leaves my room without making sure I am comfortable and set up with everything I need.
