

Continuing Healthcare at Willow Haven

Skilled Nursing and Rehabilitation

Caring with Integrity

I chose Continuing Healthcare at Willow Haven because my mother and aunt were residents previously and the care they received was good. The staff here is dependable, courteous, and very respectful. I grew up a "farm boy" and let me tell you, the food is good!

My therapy team was EXCELLENT and I now have muscles again. I want to say a special thank you to therapists, Kaitlyn and Tanya, for the good workouts they provided me during my rehab. I'm doing well at home now and walking around fine. Willow Haven is a great skilled nursing facility.
