Skilled Nursing, Rehabilitation and Assisted Living

## *Caring with Integrity*

*I understand that we are just human beings so each of us has our idiosyncrasies, but there are times when, if you look beyond these, you see real genuine efforts being made by those in the medical profession. My surgeon recommended that I go to Belpre Landing for rehabilitation. It goes without saying...this is a beautiful place. To the administration, the nursing staff, dietary department, housekeeping, activities team, and to those in physical therapy, I say thank you for your hard work and dedication. It's good to know that people are good, and still care for one another, no matter race or color.*
