

INTRODUCING ARCADIA VALLEY'S SHORT TERM REHAB

Trusted. Caring. Dependable.

Each patient has specific challenges with their individual rehab needs. Arcadia Valley meets these challenges through individualized care plans that include physical, occupational and speech therapy programs designed to help residents achieve their highest possible levels of independence and quality of life. Our approach to your care is created by a partnership with your physician.

PROVIDING:

- Post orthopedic surgery care
- Joint replacement therapy
- Outpatient therapy
- Stroke protocols
- Post cardiac care
- Treatment of neurological disorders
- Loss of mobility or balance
