

To the Staff of Monarch Meadows

When the need arose for us to make the decision to put mommy in a nursing home/extended care facility, it was not an easy one - we wanted the very best for her - and we thank the good Lord our prayers have been answered with the staff at Monarch Meadows.

You all have helped us during this difficult time - if mommy was able to be at home one of us would have to be there with her every day. She has been at your facility since June and because of this time away from her, we have cried many tears and had difficulty with our daily lives.

But, knowing she is warm, her meals are provided, she receives proper attention, and that your people have shown that you all care - in so many different ways, she is blessed and so are we. We appreciate your kindness and attentiveness for mommy - thank you from the bottom of our hearts. ❤️

God Bless You All,

Bev & Bruce McCollum and Kathy & Ted Grooms
